Re: claim CLM-2025-74043, policy AL/608707/WL

Dear Sir or Madam,

I am writing to make a claim against your policyholder, Nora Meier-Raab.

A customer slipped on a wet floor in the shop owned by your policyholder. I suffered a fractured wrist and needed time off work. Witnesses saw the incident and have given their details. The cost of temporary arrangements has been higher than I expected. I checked the policy wording and believe this is covered, but please confirm. The cost of temporary arrangements has been higher than I expected. Some items could be cleaned, but others will have to be replaced entirely. I had to attend several follow-up appointments at the fracture clinic. I have kept a diary of every phone call and visit since the incident. I have kept receipts for taxis to and from my appointments. I would appreciate a call back to discuss the next steps and the timescale. One contractor said the work could take several weeks because of the drying time needed. My neighbour came round

to help and stayed for most of the afternoon. I have kept receipts for taxis to and from my appointments. My family have been very understanding but the disruption has been considerable. I was asked whether anything similar had happened before, and it has not. Earlier that day everything in the house had seemed normal and nobody noticed anything unusual.
